

# Office of Environment, Safety, and Health

DOE Order 226.1

*Review of Objectives and  
Requirements and Path to  
Implementation*

***ISM Champions Workshop***

***April 25-26, 2006***

# Objectives of 226.1

- ◆ **Provides a comprehensive framework for integrated management of programs**
- ◆ **Formalizes the four essential elements of the DOE oversight model**
  - **HQ**
  - **Field**
  - **Contractors**
  - **Independent Oversight**

# Requirements of 226.1

- ◆ **Develop Program Description Plans for Federal Oversight.**
- ◆ **Develop Contractor Assurance System Program Descriptions.**
- ◆ **Incorporate CRD into all contracts, no later than 6 months after date of the Order (3/15/06).**
- ◆ **DOE HQ and field elements revise policies and directives to conform to DOE P 226.1 and O 226.1 by 9/15/06.**

# Draft Oversight Manual

- ◆ **Key tools described in draft Manual.**
  - Integrated Safety Oversight Plan
  - Safety Information Program
  - Criteria and Approach Documents (CRADs)
  - Corrective Action Programs (CAPs)

# Questions for Discussion

- ◆ **What barriers (if any) are present towards full implementation of Order and Policy?**
- ◆ **Manual will be put out for comment – any issues?**
- ◆ **What additional (if any) policy, guidance, discussions, resources needed?**
